

## Whispering Waves Cottages

Listing URL: <https://www.shelburnecounty.ca/map/accommodations/whispering-waves-cottages>

Imagine yourself sitting quietly on your own private veranda, lost in the splendor of the sea while the sun fades beyond the horizon or enjoying a round of golf on a Nova Scotia golf vacation especially prepared for you. Each cottage at Whispering Waves has a breathtaking view of Ingomar Harbour from any vantage point in the living room, kitchen or covered front veranda.

The interior of each cottage tastefully reflects one of three themes – wilderness, seaside; or romance. The handmade pine furniture are important components of all three. A full equipped kitchen will attend to all of your culinary needs – especially essential for a ‘feed’ of Atlantic hard shell lobsters! Comfy queen size beds and a queen size sofa bed in the living room await you and your family after a day of self-indulgent leisure or fast paced adventure.
